Kingsburg Elementary Charter School District
Parent University Dinner
Project Overview

In today's fast-paced world, the bonds between families are often strained by the demands of life. We recognize the invaluable role of family in shaping the future generation. To foster stronger connections and support parents in their journey, the Kingsburg Elementary Charter School District partners with Fresno State's Parent University Program to provide parents with classes that empower participants to develop their parenting skills that will empower them with knowledge and skills that enhance their confidence and effectiveness in raising happy and healthy children.

Family Dinners: Central to the parenting class program is the concept of shared family meals. We believe that the dinner table serves as more than just a place to eat, it's a valuable opportunity to strengthen relationships. Before each parenting class or workshop, our grant proposal/project is aimed at inviting participants and their families to join each other for dinner. These dinners provide an opportunity for families to relax, connect, and reflect on their learning experiences in a warm and welcoming environment.

Impact and Outcomes:

1. **Strengthened Family Bonds:** By bringing families together for shared meals and learning experiences, this grant/project will foster stronger bonds and deeper connections among family members.
2. **Community Engagement:** The shared meals will foster a sense of community among participants, creating a supportive network of families who uplift and empower one another.

The Kiwanis Club of Kingsburg is committed to aiding the Kingsburg Elementary Charter School District by actively seeking funding avenues to provide dinners for those attending the district's Parent University classes. In addition, club members will work together to cook and serve dinner to participants at a future meeting.

Kingsburg Elementary Charter School District
Parent University - Dinners
Previous Funding Sources

Meals for Parent University Classes were previously funded through state Local Control Accountability Funds or LCFF funds. However, through the years, these funds have become more restrictive and food/meals are no longer allowable expenses. Because of this, the district has been seeking private donations and grants to supplement dinners which accompany the Parent University Classes.

Kingsburg Elementary Charter School District
Parent University Dinner
Description of Need

Parents want to do their best when it comes to their children. Amidst the enthusiasm and eagerness for parents to take part in the district's Parent University classes, a practical challenge looms: dinner. Parents struggle getting dinner on the table, the demands of childcare, and helping their children with homework. The demands of juggling work and home leaves little time or energy to prepare an evening meal where the family can sit together and enjoy each other's company. The Kingsburg Elementary Charter School District recognizes this crucial need, to provide not only knowledge through Parent University classes, but also sustenance to fuel both body and mind.
