Whereas, under Action Item #16 of the regular Board Meeting on June 12, 2024, Board Member Sanders publicly admonished a citizen’s alleged comments made outside of the meeting regarding Board Grant discussions. Board Member Sanders’ repeated questions toward this citizen were allegedly based on hearsay.

Note: Community and Board members have the right to talk to anyone about public business that transpired in a public Board Meeting.

Therefore, the Board of Directors issues this letter of guidance for the following reasons:

3. Treat all Board Members and staff with dignity and respect
